WHY CHOOSE US?

New and Recondition Options from one of the industry's largest Process Equipment inventories. Our enterprise of companies can handle your projects from conception to Startup and commissioning.

— Equipment

ARC Energy specializes in providing the Energy industry with complete process facility solutions by having a large inventory of new and reconditioned process and production equipment readily available. ARC's inventory and strategically placed locations allow us to provide quick and reliable solutions.

Specifics:

- Over 2500+ equipment items in inventory
- New inventory available
- In-house engineering and design
- Processing and treating plants
- Production and process equipment
- Surplus inventory available
- Used equipment available for retrofit
- 50+ acres of storage

— Fabrication

ARC's Fabrication department provides the Energy Industry with complete turnkey solutions. From design & build of modularized packages, to quick delivery equipment, ARC can be your dedicated supplier. ARC's full service shops are strategically placed to better serve your needs.

Specifics:

- ASME U & R
- Design and Build
- New Fabrication & Rebuild from 4 strategic locations
- Modularization
- In house Engineering & Design
- 100,000+ sq ft of shop space on 50 + acres of storage
- ASME vessel Fabrication
- Structural Fabrication
- Skid Packaging

— Service & Supply

ARC's Service Department provides the Energy Industry with global service centers to support your needs. ARC has strategically selected these areas to better serve your day to day field service needs. From troubleshooting to commissioning services, ARC is here for you!

Specifics:

- Dehydration Cleaning & Glycol Reclamation
- Equipment Troubleshooting
- Quick Response Time
- Commission/Startup Assistance
- Equipment Evaluation
- Rental Equipment Operation/Maintenance
- Valve Inventory - ARC's Partner [Flow Control Services](#)
- Controls & Pumps in Inventory

— Rental

ARC Energy has a full line of rental equipment options. From Amine Plants to separation equipment, we can supply equipment quickly from our large inventory.

Specifics:

- Amine Plants
- Dehydration Units
- Separation Equipment
- Gas & Liquid Filtration Units
- Line Heaters
- Sand Separators
- Treaters
