SOLUTION PROVIDER

- Oil Processing & Testing
- Gas Processing & Treatment
- Water Treatment
- Valves & Instrumentation

**GLOBAL SUPPLIER
OF PRODUCTION &
PROCESS SOLUTIONS**

END-TO-END

ADVANTAGE

DESIGN - BUILD - BUY - SELL - RENT - LEASE - SERVICE

ARC Energy specializes in providing the oil and gas industry with the highest quality equipment delivered with the technical expertise and operational support necessary for our Customer's needs.

OIL

GAS

WATER

Expertise

- Early Production Facilities
- 3Phase Flowstation
- Flared Gas Facilities
- Dehydration
- Separation
- Filtration
- Gas Processing
- Rotating Equipment
- Gas Treating
- Field Service
- ASME Fabrication
- Valves & Controls
- Well Testing

Equipment

- Amine Plants
- Separators
- JT Plants
- Fuel Gas Skids
- Storage Tanks
- Line Heaters
- Reman Valves
- Refrigeration Plants
- Gas Production Units
- Stabilizers
- TEG Dehydrator Packages
- Water Treatment Equipment
- H2S Treating Vessels
- Cryogenic Plants
- Slug Catchers
- Filter Separators
- Heater Treaters
- Meter Runs
- Compressors
- Exchangers
- Coolers
- Scrubbers
- Sand Filters

ARC'S INTEGRATED SOLUTIONS

New and Reconditioned equipment to shorten your project delivery and maximize your profits. ARC can handle projects from Conception to Startup and Commissioning.

Equipment - ARC's Equipment Department provides the Energy Industry with complete process facility solutions by having a large inventory of New & Reconditioned process and production equipment readily available. ARC's inventory & strategically placed locations allow for us to provide you with quick & reliable solutions!

Specifics:

- Over 2500 + Equipment Items in Inventory
- In-House Engineering & Design
- New Inventory Available in MENA & Africa regions
- Processing & Treating Plants
- Production & Process Equipment
- Surplus Inventory Available
- Used Equipment available for retrofit
- 50 + Acres of Equipment Storage in Africa

Fabrication - ARC's Fabrication Department provides the Energy Industry with complete turnkey solutions. From design & build of modularized packages to quick delivery equipment, ARC can be your dedicated supplier. ARC's full service shops are strategically placed to better serve your needs.

Specifics:

- ASME U & R
- Design and Build
- New Fabrication & Rebuild from 4 strategic locations
- Modularization
- In house Engineering & Design
- 100,000+ sq ft of shop space and 50 + acres of storage
- ASME vessel Fabrication
- Structural Fabrication
- Skid Packaging

Projects - ARC's Project team works around the globe to offer customers solutions quickly and with flexibility. Our partnerships around the globe allow us to offer conceptual studies to complete projects to our customers. Through our team of conceptual Engineers to our startup and commission experts ARC is here to help you with cost effective facility in a timely manner.

Specifics:

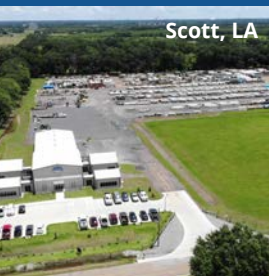

- Early Production facilities
- Gas, Oil, & Water Facilities Design Build
- Rental and Lease Solutions
- Onshore & Offshore Design
- BOO & BOT Solutions

Service & Supply - ARC's Service Department provides the Energy Industry with global service centers to support your needs. ARC has strategically selected these areas to better serve your day to day field service needs. From troubleshooting to commissioning services, ARC is here for you!

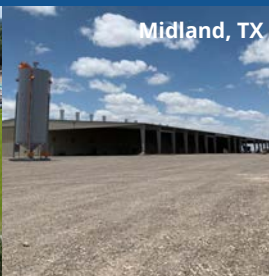

Specifics:

- Dehydration Cleaning & Glycol Reclamation
- Equipment Troubleshooting
- Quick Response Time
- Commission/Startup Assistance
- Equipment Evaluation
- Rental Equipment Operation/Maintenance
- Valve Inventory - ARC's Partner Flow Control Services
- Controls & Pumps in Inventory
